

Marketing Development Roadmap

Commercial Building Services Initiative

A strategic market-expansion program positioning Grundfos as the preferred partner for commercial building solutions across Saudi Arabia — through digital innovation, strategic partnerships, and customer-centric HVAC, water management, and pumping solutions.

Bandar Aldawood · Marketing Specialist — Grundfos Saudi Arabia (Commercial Building Services)

b.aldaood@hotmail.com

I am responsible for the **planning and execution** of every campaign, event, and program showcased in this portfolio — from strategy and audience targeting to launch, delivery, and reporting.

Target audience segments for all campaign activity.

Strategic Objectives

Market Penetration & Brand Presence

Establish Grundfos as the preferred partner for commercial building solutions across Saudi Arabia.

- Localized campaigns reflecting Saudi business culture
- Strategic partnerships with major contractors and consulting engineers
- Positioning in energy-efficient, sustainable building solutions

Digital Innovation & Customer Engagement

Seamless digital experiences that educate, engage, and convert decision makers.

- Integrated campaigns across LinkedIn and industry platforms
- Technical content showcasing efficiency and cost savings
- Targeted advertising to facility managers and procurement professionals

Stakeholder Relationship Building

Long-term partnerships with key decision makers, contractors, and engineering firms.

- Industry forums, technical seminars, and product demonstrations
- Direct channels to C-suite and technical decision makers
- Customized solutions for specific customer challenges

Sustainable Growth Through Cooperation

A collaborative ecosystem supporting mutual growth and business success.

- Distributor and contractor partner programs
- Incentive structures aligned with customer value
- Comprehensive training and technical support

Results & Impact

Real campaign performance across the IMEA CBS program (Nov 2025 – 2026).

Signature Events

Including 4 seminars organized with VIP partners.

Event	Location	Date	Attendees
Ramadan Gatherings (4 cities)	Riyadh · Jeddah · Dammam · Cairo	Mar 2026	859
HVAC Day: Elevating HVAC Efficiency	Riyadh	Feb 2026	255
Energy Optimization Day	Cairo	Nov 2025	119
Mini Engineering Day 2025	Jeddah	Nov 2025	114
Let's Energize Growth	Sharm El-Sheikh	Dec 2025	98
Engineers Days, Trainings & Technical Sessions	Riyadh	2026	103
VIP Partner Seminars (4 seminars)	Saudi Arabia	2026	200+
Webinar Campaign Series (4 webinars)	Virtual	2026	TBD

CPD-Certified Webinar Series

My role: leading the email and social media campaigns to reach professionals interested in these topics and drive them to register and attend our CPD-certified webinars — delivering 200+ registrations per session.

#	Webinar	Status
1	Optimized Chilled Water Systems	✔ Done
2	Optimizing HVAC Pumping Systems	🔄 In Progress
3	Efficient Wastewater Pumping	🔄 In Progress
4	Grundfos Modular Systems	🔄 In Progress

Social Campaign Scorecard

Campaign	Posts	Engagements	Likes & Reactions	Shares	Reach
CBS – General	55	700	663	22	18.56K
CBS – HVAC	15	145	133	11	3.34K
CBS – Country Specific Content	7	106	106	0	3.51K
Total	77	951	902	33	~25.4K

Tools & Platforms

The marketing technology stack powering campaign execution, events, analytics, and project delivery.

Marketing Automation

- 31 newsletter and marketing emails sends across GSA & GEG audiences
- 26.6K emails delivered at 96.6% deliverability, ~23% open rate
- 48-asset AOC emailer program managed end-to-end (22 completed)

Social Media Management

- 82 posts published across 4 CBS campaigns
- 951 total engagements · 25.4K post reach
- Campaign scorecards: General, HVAC, country-specific & reactive content

Event Management

- 13 events delivered — Riyadh, Jeddah, Dammam, Cairo & Sharm
- 1,548 registered attendees, incl. HVAC Day Riyadh (255) & Ramadan Gatherings (859)
- End-to-end registration, check-in, and lead capture

Analytics & Dashboards

- Weekly unified KPI dashboard (spend → revenue)
- Campaign and channel performance visualization
- Budget reallocation insights for leadership

Project Management

- Campaign planning, content calendar, and task tracking
- Cross-team collaboration between marketing & sales
- Timeline and milestone management across phases

Professional Proficiency

- **Excel** — campaign schedules, status trackers, and reporting
- **PowerPoint** — executive presentations and campaign reviews
- **Word** — briefs, proposals, and marketing documentation

Campaign Channels & Tactics

Channel	Tactic	Objective
Social Media	LinkedIn thought leadership, targeted ads, case studies	Build authority, generate leads
Digital Events	Webinars, virtual product showcases, industry forums	Educate market, establish expertise
Content Marketing	Technical guides, ROI calculators, sustainability reports	Address customer pain points
Direct Outreach	Sales engagement, relationship building, customized proposals	Convert decision makers
Partnerships	Strategic alliances, co-marketing initiatives	Expand market reach

Upcoming Plans & Actions — 2026

Planned marketing activities for the remainder of 2026, spanning events, webinars, customer trips, and the Always ON communication programme.

Events & Seminars — H2 2026

- **Big5 Construct Saudi** — 30 Aug–2 Sep 2026
- **Engineering Day** — 14 Oct
- **Engineering Day Jeddah** — 28 Oct
- **Engineering Camp** — 20–21 Nov (AlUla or Jeddah cruise)
- **Aftermarket Lunch & Learns** — Jeddah and Riyadh

Webinars & Digital

- **Optimizing HVAC Pumping Systems** — 30 August
- **Efficient Wastewater Pumping** — 22 October
- **Grundfos Modular Systems** — 18 November
- **Digital Campaign — GSA** with CPD certificates
- **CBS positioning / awareness campaign** across SoMe & emailers

Customer & Consultant Trips — Denmark / Hungary

- **Mina Sidhom** — 28 Sep–1 Oct
- **Jinu John** — 19–22 Oct
- **Mohammed Al Ashmony** — 2–5 Nov
- **Mohammed Al Ashmony** — 7–10 Dec

Always ON Communication — H2 2026

- **24 remaining emailers** to complete the 48-asset annual calendar
- Topics: Water Boosting, Hospitality 3D, District Cooling, Waste Water, Commercial Building, Healthcare, Circulator Pumps, HVAC & more
- Monthly cadence through December, KSA + Egypt audiences

Key Goal: Bridging the MQL Gap

Continue increasing Marketing Qualified Leads through customer events and digital campaigns — building on 16.8% YTD growth in marketing permissions (2,069 vs 1,772 in 2025) and 330+ MQLs already generated from events this year.

Success Factors

- ✓ Customer-centric solution positioning
- ✓ Authentic local market engagement
- ✓ Data-driven decision making
- ✓ Strong partnership ecosystem
- ✓ Continuous innovation and adaptation
- ✓ Sustainability and value focus
